### COTTON EXCHANGE FOR BRYAN

Organization Perfected and Officers Elected—Office Located in Smith Building.

The movement which was started several days ago looking to the organization of a cotton exchange for Bryan was completed yesterday, and the organization perfected, and a cotton exchange for Bryan is now a reality. W. E. Saunders was elected president; John M. Lawrence, vice president; and A. K. Brown, secretary and treasurer. The offices of the exchange will be located in the Smith building. The wire will be cut in Monday so that reports may be received direct from the New Orleans cotton exchange and quotations at any minute of the day may be obtained.

The organization is in the interest of the cotton buyers and sellers of Brazos county and is composed of leading business men of the city. A leased wire will be operated directly into the exchange at New Orleans and every call of the market will be received here. The exchange will be of great benefit to both buyer and seller. It will protect the buyer and at the same time will insure the farmer the very top of the market.

### SAM CAVITT'S BARN BURNED

The big barn on the farm of Mr. S. E. Cavitt, near Wheelock, was burned at 11 o'clock Wednesday night. The barn contained quite a lot of feedstuff, cottonseed, harness, farming implements, etc. The Eagle learns the loss was about \$3000, with only a small insurance.

Mr. Cavitt lost his barn by fire last December, and the one burned Wednesday night was right new, having been built to take the place of the one burned in December.

Returned to Marlin. S. C. Johnson and family of Marlin, who came here to manage the drug business of Mr. E. J. Jenkins during the absence of Mr. Jenkins in Europe, finds that it will be impossible for him to await his return and left for Marlin today to take up his old position with the Allen Drug Company of that city.

### ANNIVERSARY SERMON

Next Sunday will witness another anniversary of the pastorate of Dr. M. E. Weaver of the First Baptist church of this city. It will be the beginning of his fifth year, and he will preach a sermon appropriate to the occasion. Dr. Weaver, by his faithful, earnest work, has proven himself to be a tower of strength, and has bound his congregation to him with hooks of steel. He holds a place in their affections and confidence that any pastor should feel proud of. This will also be his first sermon since his vacation, and the church, which is always filled, will no doubt be crowded on this occasion.

### NOTICE BUILDERS.

The impression seems to obtain by some that those wishing to borrow money from the Mechanics Building & Loan Association with which to build homes will be required to purchase lots from the association. Such is not the case, but on the contrary members may select their own lots from any section of the city desired. The only restrictions are that the lot or lots must be within the corporate limits of the city and unencumbered.

The association has not purchased any "addition," and if one is purchased it will not change the conditions herein mentioned.

Investments in building and loan associations in other places have proven very successful when properly managed and I believe that the past records of the board of directors of the Mechanics Building & Loan Association of Bryan justifies the belief that its affairs will be properly managed. H. O. Boatwright, President.

### ENDORSED AT HOME.

Such Proof as This Should Convince Any Bryan Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Bryan adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

L. B. Kern, 900 Caldwell St., Bryan, Texas, says: "I can recommend Doan's Kidney Pills highly. Whenever I have symptoms of disordered kidneys I take a few doses of Doan's Kidney Pills, and they relieve me at once. The public statement I gave in favor of this remedy some years ago still holds good." For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Not Paint

With linseed oil at \$1. what sort of oil do you think they use in "paint" at \$1.75 and \$1.50?

That stuff is counterfeit paint. You can cheat yourself; you can't cheat Time or Weather.

Paint is a rubbery coat over wood and iron to keep-out water.

Counterfeit paint may look like it; counterfeit money looks like money.

What are all counterfeits for? They are all alike.

### SECOND SUMMER

Every physician and parent realizes the danger of warm weather during the teething period of infants. Bad combined with the depressing effects of the heat interfere with the digestion of food and favor the growth of the germs which irritate and inflame the delicate membranes of the stomach and bowels.

### WARES BABY POWDER

Is the best prescription ever written for bowel trouble in infants. Its author, Dr. James Ware, says: "In the year 1855 I graduated at the Starling Medical College, Columbus, Ohio, and in the course of 56 years' practice, I have not found the equal of this mixture in the treatment of the diseases of the stomach and bowels of infants and children. It is almost a specific for the little ones. It is soft and soothing, acting like an inside polisher." 50c and \$1.00 at drug stores or by mail on receipt of price.
